About This Content

GERMAN COMMANDER: STORM DOCTRINE
Focused firepower and the ability to weather enemy counterattacks are hallmarks of this doctrine.

- **STUKA BOMBING STRIKE**
  A JU-87D Stuka will dive in and drop a 50kg bomb on the target location. Capture points are neutralized if hit.
- **LEFH 18 ARTILLERY**
  This light 10.5cm Field Howitzer doesn't have the destructive power of some Soviet artillery, but it counters with a good rate of fire and reasonably long range.
- **TACTICAL MOVEMENT**
  All infantry are ordered to move at their fastest available speed for the duration of the ability.
  (Does not affect anti-tank gun squads).
- **HALFTRACK RIEGEL 43 ANTI-TANK MINE**
  Lay a Riegel 43 heavy anti-tank mine.
- **AMBUSH CAMOUFLAGE**
  Grenadiers, Panzer Grenadiers or HMGs can be upgraded with better camouflage, concealing them in cover or deep snow. Attacking enemy units while in camouflage will briefly increase their damage.

This DLC is already included in the Digital Collector's Edition.

Title: CoH 2 - German Commander: Storm Doctrine
Genre: Strategy
Developer:
Relic Entertainment, Feral Interactive (Mac), Feral Interactive (Linux)
